

Features

- Cabinet mounted
- Medium to high volume In-line System
- Paper thickness Sensor
- Lockable fold plates
- Easy jam release system
- Auto start / stop function - offline
- Tray management cabinet system
- Dedicated floor standing system
- Upto 2,000 Pressure Seal Forms infeed
- High capacity automatic extending output conveyor as standard (500 sealed forms)
- Can be used as an offline machine
- Compatible with HP, OKI, Lexmark, Samsung, Kyocera (Please check with us for suitability)

Options

- Vertical Stacker
- Print rotation MUST be specified to allow for the correct paper orientation to the sealer. (PRS is optional - This is a selectable option using the standard Windows driver.)

** The Kyocera Option is the only laser printer that can produce 'in-line' with duplex, therefore all folds are available with this machine
 *** 'Print Only Mode' is not required if using the Kyocera Printers.

The Mailfinisher 4300 Maxi is provided with a tray management cabinet System and High Capacity Auto-Extending Output Conveyor as standard, providing a dedicated floor standing system with easy continuous unloading of up to 500 sealed forms.

The MF4300 system incorporates lockable fold plates and an easy jam release system with easy access for the operator.
