

**Features**

- Desktop unit
- Small-medium monthly volumes
- Value for money
- Simple fold settings
- Advanced patented in-feed technology
- Form size and folding positions are easy to adjust and can be set in a matter of seconds
- Tool to clear jams with no technical experience required
- Low noise when in operation to a max 48 decibels

The Officemate 2D is one of the simplest machines to use on the market, and can be utilised for both pressure sealing and paper folding. This entry level machine features superior sealing quality, with an in-feed capacity of 100 printed pressure seal forms and a cycle of up to 1000 forms per run.

The standard fold plate will fold A4 / Letter, Z-fold letter and V fold stationery with other fold plates available making it ideal for various purposes including all of your mailing requirements, producing payslips, statments, reminder notices, direct mailers and other applications.
